Old West Renovations

We had windows & doors installed by Rick and the crew in the fall. They did a great job. New windows and doors gave us a new home. Rick came to the house for a consultation and his expertise in the industry was invaluable. We are very happy with the quality of the products and the installation. The crew was very professional and courteous and punctual, virtually no clean up for us. I would highly recommend Old West Renovations for your window and door upgrades.

Yours truly,

Robin Wilson
